

PS11. Data Science Educations: What is the Road to Success?

Organised by Mikkel Baun Kjærgaard (University of Southern Denmark) and Hua Lu (Roskilde University)

Session overview

How do we develop better data science educations? This session will provide an overview of the status of data science educations in Denmark. Based on the overview the session will explore how to further develop the educational programs and provide time for networking.

Speakers

- Jens Ledet Jensen, Aarhus University
- Morten Mørup, Technical University of Denmark
- Mikkel Baun Kjærgaard, University of Southern Denmark
- Raghava Rao Mukkamala, Copenhagen Business School
- Therese Graversen, IT-University of Copenhagen
- Thomas Dyhre Nielsen, Aalborg University
- Hua Lu, Roskilde University

Programme

- Introduction to the session - Hua Lu, RUC and Mikkel Baun Kjærgaard, SDU (10 min)
- Speed talks on data science educations at the Danish universities (45 min):
 - Data Science at AU - Jens Ledet Jensen, AU
 - Data Science at DTU - Morten Mørup, DTU
 - Data Science at ITU – Therese Graversen, ITU
 - Data Science at AAU – Thomas Dyhre Nielsen, AAU
 - Data Science at CBS – Raghava Rao Mukkamala, CBS
 - Data Science at SDU – Mikkel Baun Kjærgaard, SDU
- Q&A (10 min)
- Networking session in topic groups (45 min)
- Wrap-up in plenum (20 min)
